

**BRIG**  
RIGID INTELLIGENT BOATS

# UNIQUE**STYLE**

Owning a BRIG is all about the freedom of getting out and enjoying the water in safety and in style. Your BRIG gives you a great platform for all watersports - fishing, scuba diving, water skiing – and gives you the ability to explore the coast and get to hidden coves and secret beaches.

There are many innovative design features as standard but each BRIG also comes with a range of optional extras so that you can customise your boat to suit your exact requirements. We are even able to offer a wide range of tube colours and gel coat colours on the larger models, speak to your dealer for more information or visit **[www.brig-ribs.com](http://www.brig-ribs.com)**

**EAGLE**SERIES

**EAGLE** 780

# EAGLE 780

The Eagle 780 is our flagship luxury family cruiser with a sleek, iconic profile thanks to the signature radar arch and capacity for up to 16 people – it really is a class above and stands out from the crowd at any Marina. The longer waterline length and deep 38° V hull increases stability at speed making this a comfortable, stable but exhilarating ride

with superb handling. The design features a large console compartment that can take a marine commode, a driver's seat locker that can house a fridge, a 340L fuel tank, electric anchor hoist, two bilge pumps, a 45L fresh water tank, shower, a folding ladder and ski mast.

The 780 is the ultimate high spec Eagle sports RIB.

## Standard Features

- Deep V hull
- Anti-skid deck surface
- Front and rear stowage lockers
- Hull ventilation system
- Twin self-bailing unit
- Built-in fuel tank with external deck filler
- Front step-plate
- Front towing bow ring
- Rear cleats (bollards)
- Front cleats (bollards)
- Built-in davit lifting points
- Rubbing strake
- Safety handles & grip handles
- 2 paddles & foot pump
- Tube repair kit

- Accessories bag
- Owner's manual
- Steering console
- Combined pilot seat/bolster
- Steering system (hydraulic)
- Steering wheel
- Iconic polyester radar arch
- Navigation lights
- Automatic bilge pump
- Battery container
- Battery isolation switch
- Fuel gauge
- Front locker removable cushion
- Rear cushion with soft back
- ORCA® Hypalon tube fabric

**EAGLE** 650

# EAGLE 650

The Eagle 650 is our iconic and best selling luxury family cruiser. The 650 is spacious, with comfortable seating for 8 people but can carry up to 13 safely. The sociable bow area has a sunpad infill for lounging. The signature tube-end steps not only increase the waterline length for

better performance but offer a practical boarding solution in shallow water. For deeper water there is a foldable ladder. There are four lockers and large stern lazarette for watersports toys. The boat's deep V hull cuts through waves and gives an incredibly dry ride even at speed.

## Standard Features

- Deep V hull
- Anti-skid deck surface
- Hard tube ends with two antiskid steps on each
- Front and rear stowage lockers
- Hull ventilation system
- Twin self-bailing unit
- Built-in fuel tank with external deck filler

Design Category	C
Fuel Tank Capacity (L)	98
Fresh Water Capacity (L)	39

Dimensions do not include engine dimensions. Dimensions indicated have a tolerance of  $\pm 3\%$ . Weight measurements have a tolerance of  $\pm 5\%$ .

The Eagle 580 is our luxury performance sports RIB built with comfort and safety for the family in mind. There are extra grab rails throughout and anti-slip foot pads along the length of the tubes. The central stem navigation mast doubles as a ski pole and there is extra stowage for water sports toys in the four large lockers.

An optional picnic table can be set up in the bow, alternatively infill cushions can create a large sunpad for lounging here at anchor. The driver's console is comfortable and practical with dual seating positions, wrap-around grab rail and an anti-skid foot well. The Eagle 580 sports boat is agile, responsive and comfortable.

## Standard Features

- Deep V hull

Fresh Water Capacity (L)	39

Dimensions do not include engine dimensions. Dimensions indicated have a tolerance of ±3%. Weight measurements have a tolerance of ±5%.

The Eagle 480 is our luxury compact performance RIB with capacity for up to 8 people. Built on the success of the famous Eagle 500, a sleek, lower profile, upgraded quality finishes, more comfortable seating and clever stowage

solutions make this a great sports cruiser. The extra wide tube diameter and generous 2.3m beam make the ride superbly stable and comfortably dry. More space, more storage, more style.

### Standard Features

- Deep V rigid hull

Maximum Power (HP)	50
Design Category	C
Fuel Tank Capacity (L)	43

Dimensions do not include engine dimensions. Dimensions indicated have a tolerance of ±3%. Weight measurements have a tolerance of ±5%.

The Eagle 380 is a high spec compact performance RIB, perfect as a luxurious tender for larger yachts or for those who simply want to ride in style on the water.

The same trademark tube end steps and extended length on the waterline give excellent seaworthiness. Wider tubes

give a drier ride even under heavy load. The driving position is comfortable over long distances with extra leg room.

The quality of finish and unique design details make the Eagle 380 excellent value for money in the luxury 3-4m RIB category.

## Standard Features

**EAGLE** 340

# EAGLE 340

The 340 is the baby in the Eagle range and was designed specifically as a luxury sports tender. It is extremely comfortable and dry for its size even in heavy seas with the deep V hull cutting through waves. The navigation lights are mounted

on the bow block which has a moulded channel to take the anchor line and protect the tubes from rubbing. There is comfortable seating for four passengers with large lockers under each seat.

## Standard Features

- Deep V hull
- Anti-skid deck surface
- Hard tube ends with two antiskid steps on each
- Front and rear stowage lockers
- Hull ventilation system
- Twin self-bailing unit
- Built-in fuel tank with external deck filler

**NAVIGATOR** 570

# NAVIGATOR 570

The newly launched Navigator 570 is a development of the hugely successful tried and tested Falcon 570. Using the proven hull and tube design of the Falcon 570 the Navigator boasts some clever new developments. The newly designed splash-back well incorporates a large rear watersports locker with bench seat over.

The console is positioned slightly further forward allowing comfortable seating aft for five and a further four up in front. With a newly designed practical and good looking A-frame and fast, smooth performance driven by up to 115hp, the new Navigator 570 is an exciting new development.

## Standard Features

Maximum Payload (kg)	800
Minimum Power (HP)	25
Recommended Power (HP)	30
Maximum Power (HP)	50
Design Category	C

Dimensions do not include engine dimensions. Dimensions indicated have a tolerance of ±3%. Weight measurements have a tolerance of ±5%.

\*F400L Boat Weight 114 kg  
F400S Boat Weight 141 kg

## Custom Options

- Stainless steel A-frame arch with navigation lights
- Steering system (hydraulic available on 40hp+ engines)
- Marine compass
- Bow sundeck set with cushions
- Lifting slings
- Overall cover
- Console cover
- Steering console
- Seat with stowage†
- Steering system
- Steering cable
- Bimini suntop
- SeaDek composite teak deck
- ORCA® Hypalon tube fabric

\*Only available on the F400 Open  
† Not available on the F400S

# FALCON TENDERS

FALCON Tenders are a series of boats equipped with a solid rigid hull (deck) for use as tenders aboard powerboats and yachts, as well as for recreation. The strong fiberglass hull in combination with inflatable buoyancy tubes gives these boats a smooth, dry ride.

- Underseat bag\*
- Lifting slings
- Steering console
- Seat with stowage (not for F275)
- Steering system\*\*
- Bimini (F360 only)
- ORCA® Hypalon tube fabric

\*Not available on the T/L/S models

\*\*Only available on the T/L/S models

# MILITARY PRECISION

Brig inflatable boats are designed and built in the Ukraine by a dedicated team of over 20 specialist ex military aeronautical engineers. After the collapse of the Soviet Union the transition from fighter jets to leisure craft was an easy one. Founder and MD, Slava Rodionov, and his brother, ex MIG fighter pilot, have applied the same exacting standards and cutting edge technology to building RIBs in their 70,000sq.ft. factory. The boats are hand built and finished to very

high standards with each stage recorded and quality checked for total accountability. The best materials are sourced from around the world and all boats meet or exceed ISO, EEC Standards and the rescue boats are SOLAS approved. After sales care is handled by a global network of respected, experienced distributors for total piece of mind.

BRIG are now the biggest selling RIB brand across Europe and the number one brand in Australia, Sweden and Holland.

“ We are very proud of what we have achieved. We challenge conventional design by applying new aero and hydrodynamic theory to traditional ideas. This has seen a marked improvement in performance and seaworthiness. We listen to our customers and continually evolve our range to meet their needs. ”

**Slava Rodionov** Managing Director
